We conduct (1) meteorological observations, (2) vertical profiles of temperature, (3) surface profiles, and (4) GNSS-R observations, through the IODP Expedition 358. We release the observational data as follows:

(1) Meteorological data -> CAP001\_kisyou.zip

(2) vertical profiles -> CAP001\_vertical.zip

(3) Surface profile -> CAP001\_seasurface.zip

(4) GNSS-R data -> CAP001\_gnss.zip

The detailed information of each data set is described in the readme files.
