

Title	Chikyu Add-on Program:A microplastic monitoring using D/V CHIKYU
Information on data	
Data Name	Microplastics
Summary of the Data	Microplastics collected by the vessel's on-board seawater pump. Collection started at 2018-10-10 10:00 (UTC) and ended at 2019-03-29 19:00 (UTC).
Instruments Name and Summary of the Instruments	Instrument: Battery powered flowmeter Model: DF0671-44 Manufacturer: Asona Period: 2018-10-10 10:00 (UTC) and ended at 2019-03-29 19:00 (UTC) The microplastic sampler, which is consisted of the flowmeter above and a meshbag was connected to the on-board seawater pump outlet.
Data Processing method	The collected microplastics will be sorted out and analyzed using a FT-IR.
