

## **Terms and Conditions of Data Usage**

### **Dataset creators**

Ryo Onishi and Daisuke Sugiyama

### **Dataset name**

Cloud coverage in snapshot camera images

### **Terms and Conditions**

JAMSTEC will disclose and provide these data sets for machine learning (the "Data Sets") under the following conditions:

1. JAMSTEC's intention of disclosure and provision of the Data Sets is to allow the Researchers to use the Data Sets for the purpose of their machine learning research. Researchers shall use the Data Sets only for non-profit and non-commercial research purposes.
2. JAMSTEC makes no representations or warranties regarding the Data Sets, including but not limited to, completeness, safety, accuracy of the Data Sets, its fitness for a particular purpose, non-infringement of intellectual property rights of any third parties including copyright law in related countries regarding the distribution and use of works including images used or included in the Data Sets.
3. When necessary in the countries where the Researchers will use or distribute the Data Sets or any outcome from Researchers' use of the Data Sets, Researchers shall, at their own responsibility, obtain and secure the appropriate legal rights including intellectual property rights for use of the raw images, other works, materials and information and shall comply with all relevant laws and regulations, in such countries. Researchers shall defend and indemnify JAMSTEC against from any claims which may arise from the Researchers' use of the Data Sets and any outcome obtained by the Researchers of such use.
4. The Data Sets are created by JAMSTEC in Japan and, therefore, Japanese laws shall apply to and govern the disclosure and provision of Data Sets and said conditions specified hereunder as well as any disputes therefrom.
